ACTION PLAN

The annual Action Plan outlines the programs and individual objectives for each year. The Action Plan serves as the implementing document for the strategies and goals identified in the Consolidated Plan. This Action Plan covers the period from July 1, 2005 to June 30, 2006 (Fiscal Year 2005-2006).

1. Community Outreach and Citizen Participation

The City has developed the Citizen Participation Plan that details the specifics for citizen participation. In summary, the Citizen Participation Plan states, with regards to the adoption of the Consolidated Plan and Annual Action Plan, advanced public notice shall occur once a Consolidated Plan document is available for comment and review. There shall be advanced public notice of all public hearings and all public meetings such as the City Council, and other City committee and commission meetings relating to the funds or planning process covered by this Citizen Participation Plan. It also states as follows:

City of Hanford staff will ensure adequate advance notice of all public hearings and meetings. Adequate noticing will include:

- Public display advertised notices in English and Spanish in the *Hanford Sentinel* at least ten (10) days prior to the public meetings for all Consolidated Plan documents. Notices will indicate that there is a thirty (30) day review period on the Consolidated Plan or Amendment, or a fifteen (15) day review period for the CAPER, in which to receive comments from citizens before submission of the plan or report to the City Council for approval.
- Posted notices at the City Offices, 317 N. Douty Street.
- Posted notices on Hanford's website (www.ci.hanford.ca.us.)

Public hearings and meetings are necessary in order to obtain public input and to provide the public with the City's responses to public questions and proposals. The law requires a minimum of two (2) public hearings, one regarding community needs, and proposed uses of funds, and the second to assess how funds were spent during the previous program year.

Public hearings and meetings will be held at the City Council chambers, 400 N. Douty Street. The City complies with the Americans with Disabilities Act, and will make accommodations for persons with special needs. Public hearings and the review of Consolidated Plan documents will be held at the City Council chambers, which is accessible to people with disabilities. Provisions will be made for people with disabilities when requests are made at least five (5) working days prior to a hearing. Translators will also be provided for Spanish-speaking residents. Public hearings have usually been held in the evening at a time convenient to most residents, especially those who might benefit from the use of funds. The City Council chambers are accessible by public transportation.

Copies of Consolidated Plan documents will be provided to the public free of charge. These materials will be available in a form accessible to persons with disabilities, upon request. Consolidated Plan documents will be available at the City of Hanford Community Development Department, 317 N. Douty Street, Hanford, Telephone (559) 585-2582.

The City conducted one public hearing on May 17, 2005 to solicit input from residents on the needs in Hanford. Pierre Bachoc, Board President of Main Street Hanford, stated that they felt that \$30,000 should go to downtown improvements, such as tree grates and \$50,000 should go toward Courthouse Improvements. Jeanette Lombardo, resident and employee of Wells Fargo Bank, stated that she felt more money should go toward housing rehabilitation and economic development. The City staff provided input. The meeting was noticed in the *Hanford Sentinel* newspaper in English and Spanish. The meetings were held at 7:30 p.m. for maximum participation. On May 7, 2005, a notice in English and Spanish was placed in the *Hanford Sentinel* newspaper, notifying people of the first public hearing for the Annual Action Plan.

The City conducted a second public hearing on July 19, 2005, to solicit input from residents and approve the Annual Action Plan. On June 8, 2005, a notice in English and Spanish was placed in the *Hanford Sentinel* newspaper, notifying people of the second public hearing for the Annual Action Plan.

The 30-day review period for the Action Plan was noticed by an advertisement in English and Spanish in the *Hanford Sentinel* on June 17, 2005.

Hanford will continue to seek to broaden public participation through articles in newspapers and discussion at other forums.

2. Resources

The City of Hanford will use a number of funding sources to leverage and augment Community Development Block Grant (CDBG) funds to address the needs identified in our community and the goals in the Strategic Plan of the 2005-1010 Consolidated Plan.

3. Target Areas

Projects are generally located within census block group areas that are at or below 80% of the Kings County median household income level. Housing activities especially are located within this target area. Economic development business loans are located throughout the City, but those not in the target area will have job-creation requirements as per HUD regulations. Infrastructure projects are also located in the target area to assist low to moderate-income persons and neighborhoods.

The Kings/Tulare County Continuum of Care Group has developed a comprehensive Five Year Homeless Continuum of Care Plan (2002-2006) that details objectives, strategies and action steps for reducing homelessness. These agencies have an established support system in Kings County to serve the homeless.

Special Populations Strategy

The City of Hanford will continue to support the efforts of local agencies that serve special populations, i.e. elderly, frail elderly, persons with disabilities, persons with drug/alcohol additions, farm workers and persons with HIV/AIDS. These agencies have an established support system in Kings County to serve these populations. The identified activities are open to all special populations. Hispanics, elderly, disabled persons and farm workers continue to utilize the existing programs, primarily housing rehabilitation. Spanish-speaking personnel are available to assist potential clients.

Lead-Based Paint Reduction Strategy

The City will continue to work with Kings County in accordance with state law. The City will continue to test for lead-based paint with all federally funded housing programs.

Anti-Poverty Strategy

The City will continue to support the efforts of the existing agencies to prevent poverty, such as the Kings County Workforce Development Board's One-Stop Job Center, and the various Kings County departments. The City of Hanford will continue its economic development efforts to improve the business environment and stimulate business expansion and job growth for very low to moderate-income persons.

Obstacles to Meeting Underserved Needs

Despite City and County efforts, there remain a number of significant obstacles to meeting the underserved needs. The following are obstacles to meeting these needs in Hanford:

- Rising cost of housing
- Tight rental housing market
- Low wage service and retail sector growth
- National recession
- Chronic double-digit unemployment due to agriculturally-based economy

Institutional Structure and Coordination

Effective implementation of the Consolidated Plan involves a variety of agencies both in the community and in the County. Coordination and collaboration between the agencies is important to ensuring that the needs in the community are addressed. The key agencies that are involved in the implementation of the Plan as well as additional resources that may be available are described below:

Public Sector

City of Hanford Community Development Department

The City's Community Development Department includes the Housing Division and Economic Development Division. It is responsible for the administration of the City's community development programs.

City of Hanford Public Works Department

The City's Public Works Department includes the Utilities, Streets, Engineering, and Parks Maintenance Divisions. It is responsible for managing infrastructure improvement programs.

Kings County Health Department

The County provides lead-based paint testing, education and support for persons with HIV/AIDS.

Kings County Housing Authority

The Housing Authority provides low-income families with affordable rental housing that is decent, safe, and sanitary. The Housing Authority provides rental assistance to approximately 1,090 individuals and families in its Section 8 Housing Choice Voucher and affordable housing programs.

- 688 Section 8 Housing Choice Vouchers (varies according to funding)
- 268 Public Housing Units
- 32 State Housing Apartments
- 12 Foster Youth Transitional Housing Program Spaces
- 45 Farm Labor Housing Residences
- 44 Senior Citizen Apartments

Kings County Department of Human Services

- Promote safety and well being of the families of Kings County to achieve family permanence, stability and self-reliance.
- Provide temporary economic assistance for those in need.
- Provide comprehensive employment and training services that promote personal responsibility, insure self-sufficiency, job retention and self-esteem.

Non-Profit Agencies

There are several non-profit agencies that serve the area such as Kings Community Action Organization who provides services related to child development, adolescent services, domestic violence, Head Start and homeless person services. The Kings/Tulare Continuum of Care provides services for homeless people. The Kings County Commission on Aging and Kings/Tulare Area Agency on Aging provide assistance to seniors in Kings County and Tulare County. The Central Valley Regional Center provides help to individuals with developmental disabilities, and children at risk. The Kings County Rehabilitation Center provides substance abuse education and treatment. Kings View Mental Health Services provides mental health services.

Coordination

The City is committed to continuing its participation and coordination with federal, state, County and local agencies, as well as with the private and non-profit sector to serve the needs of target individuals and families in the community.

Strengths/Gaps in the Delivery System

The primary strength in the delivery of the Consolidated Plan is the system that is in place for social services. The primary gaps relate to the lack of infrastructure throughout the City, specifically in the lower income neighborhoods, which are typically the older neighborhoods. In addition, funding is always a gap in the delivery system. As the City continues to grow, and state and federal funding diminish, there will be more and more funding deficits.

Monitoring

It is the responsibility of the City of Hanford Community Development Department Director to monitor all HUD funded activities to ensure that statutory and regulatory requirements including those enumerated in the Consolidated Plan certifications are being met and that performance reports and all other information submitted to HUD is correct and complete. The standard established by the City is to have no significant monitoring comments and to have no audit findings. Appropriate mechanisms have been established to ensure compliance with specific long-term monitoring requirements of the Community Development Block Grant program.

Specific monitoring functions of the Community Development Department Director include: review of potential activities to ensure compliance with eligibility, national objectives and overall benefit; review of projects, prior to, during and at completing of their implementation to ensure compliance with all statutory and regulatory requirement; review of financial documentation prior to request for funds through IDIS or other funding mechanism; supervise and train employees with emphasis on HUD statutory and regulatory requirements; prepare for and cooperate with city auditors conducting the annual Single Audit of federal funds received by the City; and review all report and other documentation submitted to HUD to ensure correctness and completeness.

The Community Development Department Director also reviews subrecipients through financial and compliance monitoring to determine that all financial and regulatory requirements are met. Heavy reliance is placed on having subrecipient agreements, which require submission of documentation as funds are drawn down by the subrecipient, thereby enabling monitoring to occur throughout the course of the subrecipient contract.

Specific CDBG Certificates

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan - It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including Section 108 guaranteed loans during program years 2004, 2005, 2006 (3 years), shall principally benefit persons of low and moderate-income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

lacks CDBG funds to cover the assessment.

Excessive Force—It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-Discrimination Laws—The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint—Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, L, and R;

Compliance with Laws—It complies with applicable laws.

Instructions Concerning Lobbying And Drug-Free Workplace Requirements

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., dl vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplace in question (see paragraph 3).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

319 N. Douty Street, Hanford, Kings County, California 93230

Check ____ if there are workplaces on file that are not identified here; the certification with regard to the drug-free workplace is required by 24 CFR part 24, subpart F.

7. Definitions of terms in the Non-procurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of *nolo contendere*) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

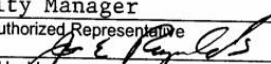

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).
